ABOUT US

With each passing day, the professional team of "Deep Heavy Construction" continues to add ambitious and important new projects to its portfolio. The company is dedicated to providing high-quality technical solutions to all its clients under any circumstances.

Above all, our dedication to customer satisfaction and quality service leads us to continuous growth and success. "Deep Heavy Construction" strives to offer its

customers the opportunity to receive quality and service according to international standards. Our company is constantly evolving in line with the needs of our clients and new opportunities that arise on a global scale.

Our goal is to become a reliable business partner in the industry, constantly improving the services we offer and providing new and more efficient solutions.

AREAS OF OPERATION

Power Plant Installation

Petrochemical Plant Installation

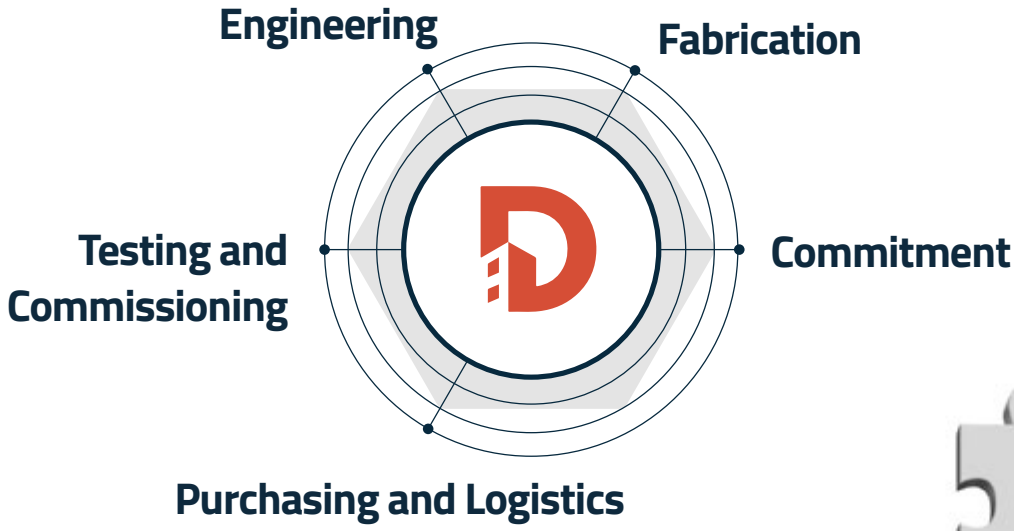

Refinery Installation

STRATEGY MANAGEMENT

As a general EPC contractor or subcontractor; we undertake roles in pipeline, petrochemical and energy complexes, mining and metallurgical facilities, cement and manufacturing industry and related construction projects. Thanks to our experience in all stages of project management processes, we are ready to undertake any role in your projects.

QUALITY MANAGEMENT SYSTEM

Our mission is to provide high quality Engineering, Procurement, Construction and Project Management services for national and international projects.

Our Quality Management Principles

- Communication
- Continuous Improvement
- Event-Driven Decision Making
- Strategic and Systematic Approach
- Customer Focus
- Participation of All Employees
- Process-centered
- Integrated System

MECHANIZATION AND MACHINERY

- Over 150 Certified Welding Machines (Automatic, Semi-Automatic, Argon, And Electrode)
- In Ownership Of >1200 Tons Of Construction Scaffolding (Galvanized, With Flange Lock Type En 12810)
- 2 Telescopic Forklifts
- 4 Trucks And 15 Pickups
- 1 Unit Of 80-Ton Crane And 1 Unit Of 50-Ton Crane
- 1 Unit Of 35-Ton And 1 Unit Of 50-Ton Manipulator (Hi-Up)
- Over 10 Units Of 4x4 All-Terrain Vehicles
- Many Electrical Hand Tools
- Lots Of Small Lifting Equipment And Accessories

OPPORTUNITIES

- | Installation of a pipeline exceeding 200,000 inches in length and diameter
- | Installation of equipment up to 10,000 tons
- | Installation of construction scaffolding with a volume exceeding 2,500.00 m³.
- | Insulation of pipes and equipment exceeding 250,000 m²
- | Providing qualified isometric pipe fitters and TIG and MMA welders
- | Provision and installation of skilled construction scaffolding

STAFF

More Than 2,000 Staff Members With 25 Years Of Top-Level Management Experience

Engineers, Technicians, And Supervisors With Extensive Experience In The Field Of Industrial Construction

Qualified Quality Control Inspectors

High level training in HSE services (Health, Safety, Environment) provided by Deep Heavy Co.

ON GOING PROJECT

Sulfur Production Plant (SPP)

Location:

Russia-Moscow

Client:

**Ustay International Construction Contracting
And Trade Joint Stock Company**

Start Date - End Date :

2026

Project Status:

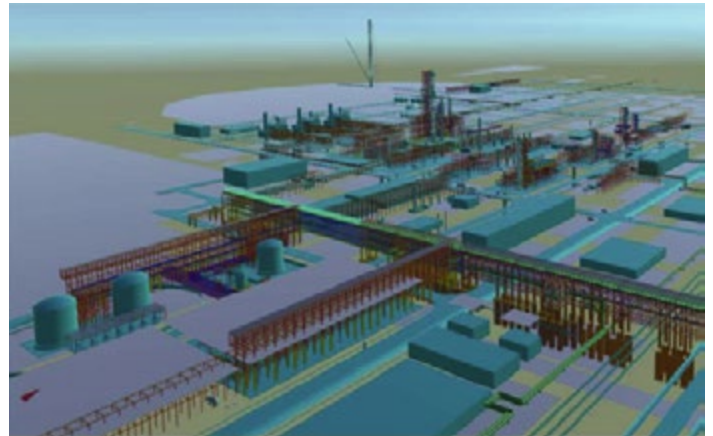

In Progress

Man-Hours: **650.000**

Scope of Work:

Boilers and auxiliary equipment

Pipeline & Insulation works

Vyksa Complex

Location:
Vyska Russia

Client: **OMK**

Start Date - End Date :
2024

Project Status:
In Progress

Man-Hours: **250.000**

Scope of Work:
Pipe assembly works
Pipe and equipment insulation works
All types of scaffolding works

Amur GCC

Location:
Svobodny Russia

Client: **SIBUR**

Start Date - End Date : **2024**

Project Status:
In Progress

Man-Hours: **450.000**

Scope of Work:
Pipe assembly works
Electrical Works
Construction Works

Location:
Svobodny - Russia

Client: **Gazprom**

Start Date - End Date :
2024

Project Status:
In Progress

Man-Hours: **575.000**

Scope of Work:
Boilers and auxiliary equipment
Pipeline & Insulation works

COMPLETED PROJECT

SASA Polyester PTA Project

Location:
Türkiye - Adana

Client:
Polyester A.S.

Start Date - End Date :
2024

Project Status:
In Progress

Man-Hours:
183.000

Scope of Work:
Installation of Piping

Kola Scientific Center of the Russian Academy

Location:
Russia - Apatit

Client:
ISC Apatit

Start Date - End Date :**2022**

Project Status:
In progress

Man-Hours:
750.000

Scope of Work:
Installation Metal structure Installation
Piping & Insulation Works

Sulfur Production Plant (SPP)

Location:
Russia-Moscow

Client:
**USTAY INTERNATIONAL CONSTRUCTION CONTRACTING
AND TRADE JOINT STOCK COMPANY**

Start Date - End Date :
2022

Project Status:
In Progress

Man-Hours: **145.717**

Scope of Work:
Boilers and auxiliary equipment All mechanical assembly works Pipeline works
Other equipment-related works

Lukoil Burgas Neftohim Refinery

Location:

Bulgaria - Burgas

Client:

Lukoil

Start Date - End Date :

2015

Project Status:

In Progress

Man-Hours:

100.000

Scope of Work:

Construction scaffolding (materials, installation, dismantling, modification)

Udokan Copper Mining and Metallurgical Plant in Zabaykalsky Krai

Location:

Russia-Udokan

Client:

Renaissance Heavy Industries

Start Date - End Date :

2020

Project Status:

In progress

Man-Hours:

300,000

Scope of Work:

Installation of Metal Construction, Installation of Scaffolding

New Istanbul Airport - Turkey

Location:
Türkiye - İstanbul

Man-Hours:
300,000

Client:
IGA (Kolin, MNG, Cengiz, Kolin, Limak Venture)

Scope of Work:
**(malzeme, montaj, söküm, tadilat)
tesisat işleri**

Start Date - End Date :
2016 - 2019

**Construction scaffolding (materials, installation,
dismantling, modification)
Electrical and mechanical installation works**

Project Status:
Completed

Can-II 340 MW Lignite Power Plant

Location:

Türkiye - Çanakkale

Client:

ODAS

Start Date - End Date :

24.09.2014 - 14.01.2018 (39 months)

Project Status:

Completed

Man-Hours:

3,000,000

Scope of Work:

Installation of the flue gas desulfurization (FGD) pipeline and pump components.

Supply and erection of construction scaffolding for electromechanical assembly works.

YENIKOY KEMERKOY Power Plants Reconstruction

Location:

Türkiye - istanbul

Client:

Limak Energy

Start Date - End Date :

2019

Project Status:

Completed

Man-Hours:

1,000,000

Scope of Work:

Supply and installation of construction scaffolding
Reconstruction (metal structures, equipment, and
electromechanical works)

Baku Power Plant 'Waste to Energy' 37 MW

Location:
Azerbaijan - Baku

Client: **CNIM SA**

Start Date - End Date :
2010-2012

Project Status:
Completed

Man-Hours:
1,100,000

Scope of Work:
Boilers and auxiliary equipment All mechanical assembly works, Pipeline works

Nizhnekamsk Combined Cycle Power Station 495 MW

Location:
Russia-Tatarstan-Nizhnekamsk

Client:
ENKA

Start Date - End Date :
2020

Project Status:
Completed

Man-Hours:
200.000

Scope of Work:
ENKA

Berezovskaya Coal Power Plant 800 MW

Location:

Russia - Krasnoyarsk

Client:

Unipro (former names: E.ON Russia)

Start Date - End Date :

2012-2014 (24 months)

Project Status:

Completed

Man-Hours:

200.000

Scope of Work:

Boilers and auxiliary equipment, All mechanical assembly works, Pipeline works

Other equipment-related works

Maritsa East 1 Coal Power Plant 670 MW

Location:
Bulgaria - Galabovo

Client:
Bulgaria - Galabovo

Start Date - End Date :
2008-2010

Project Status:
Completed

Scope of Work:
Boilers and auxiliary equipment, All mechanical assembly works, Pipeline works, Other equipment-related works

Construction of a Complex for Production, Storage, and Shipment of Liquefied Natural Gas

Location:
Russia - Vyborg

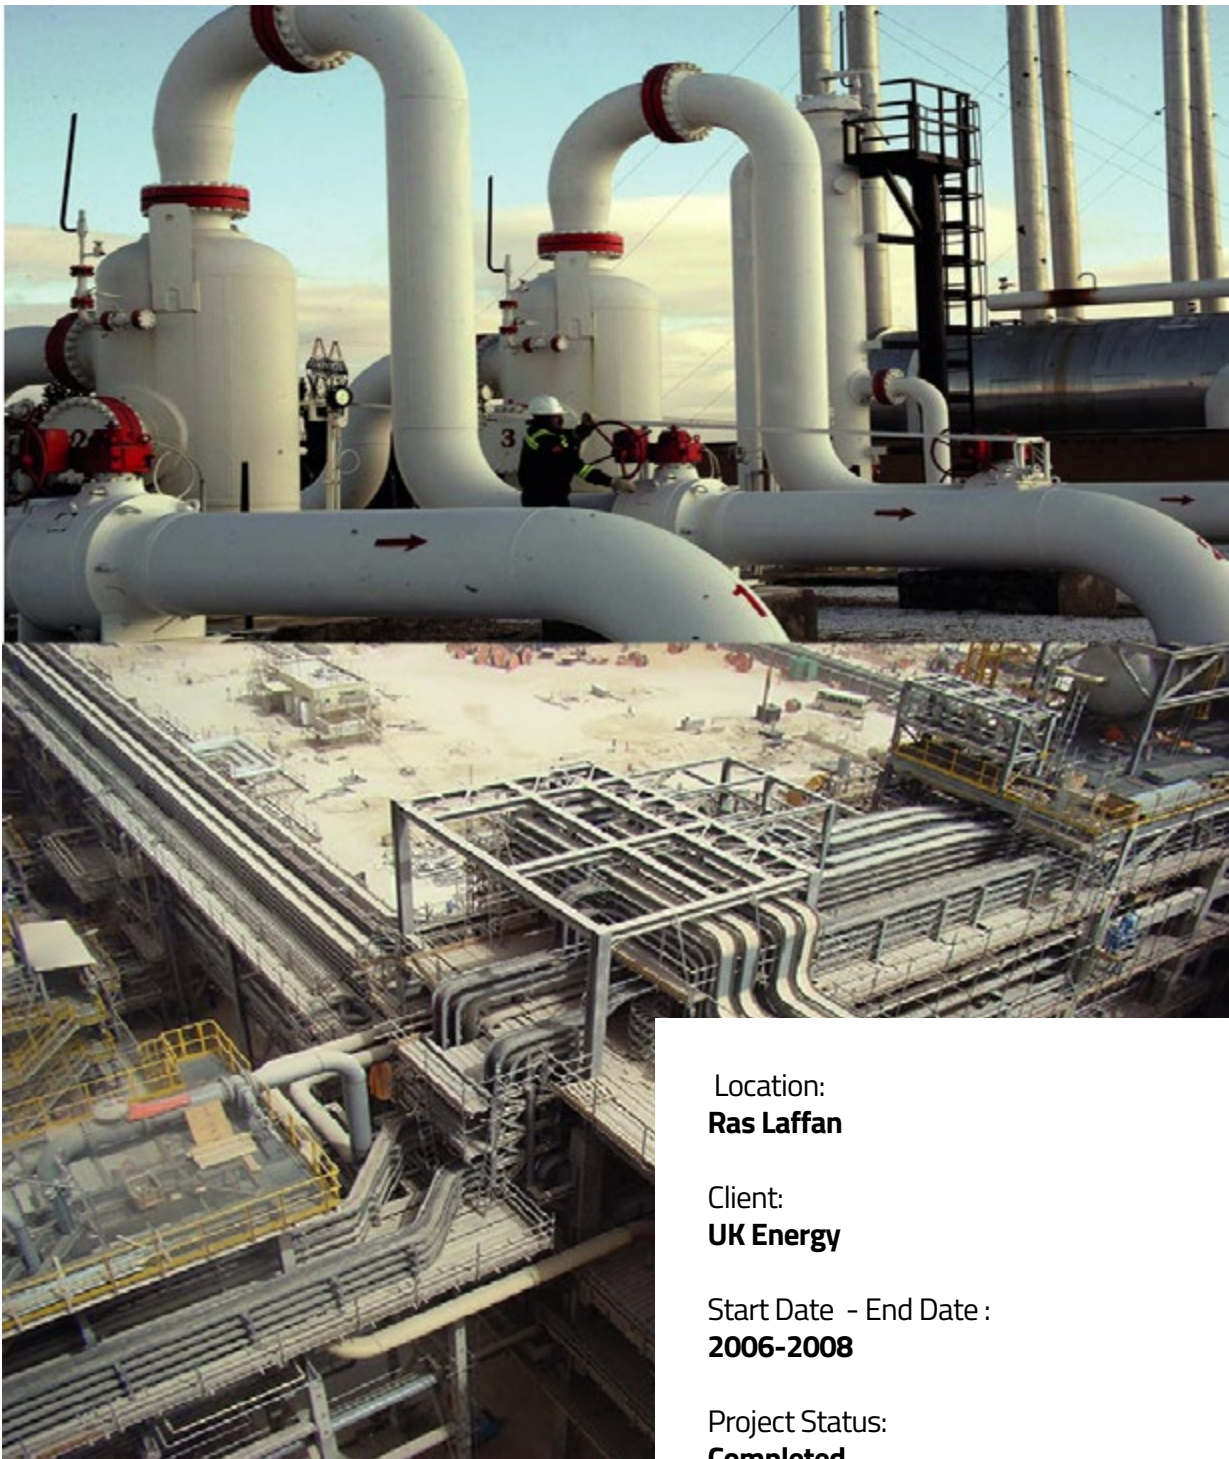

Client:
Renaissance Heavy Industries (RHI)

Start Date - End Date :
2021

Project Status:
Completed

Man-Hours:
200.000

Scope of Work:
Construction scaffolding
Pipe and equipment insulation

Location:
Ras Laffan

Client:
UK Energy

Start Date - End Date :
2006-2008

Project Status:
Completed

Scope of Work:
Boilers and auxiliary equipment
All mechanical assembly works
Pipeline works
Other equipment-related works

Installation of QCS LNG Project Pipelines

Istanbul Waste Utilization Plant

Location:
Turkey - Istanbul

Client:
HITACHI ZOSEN INOVA & MAKYOL

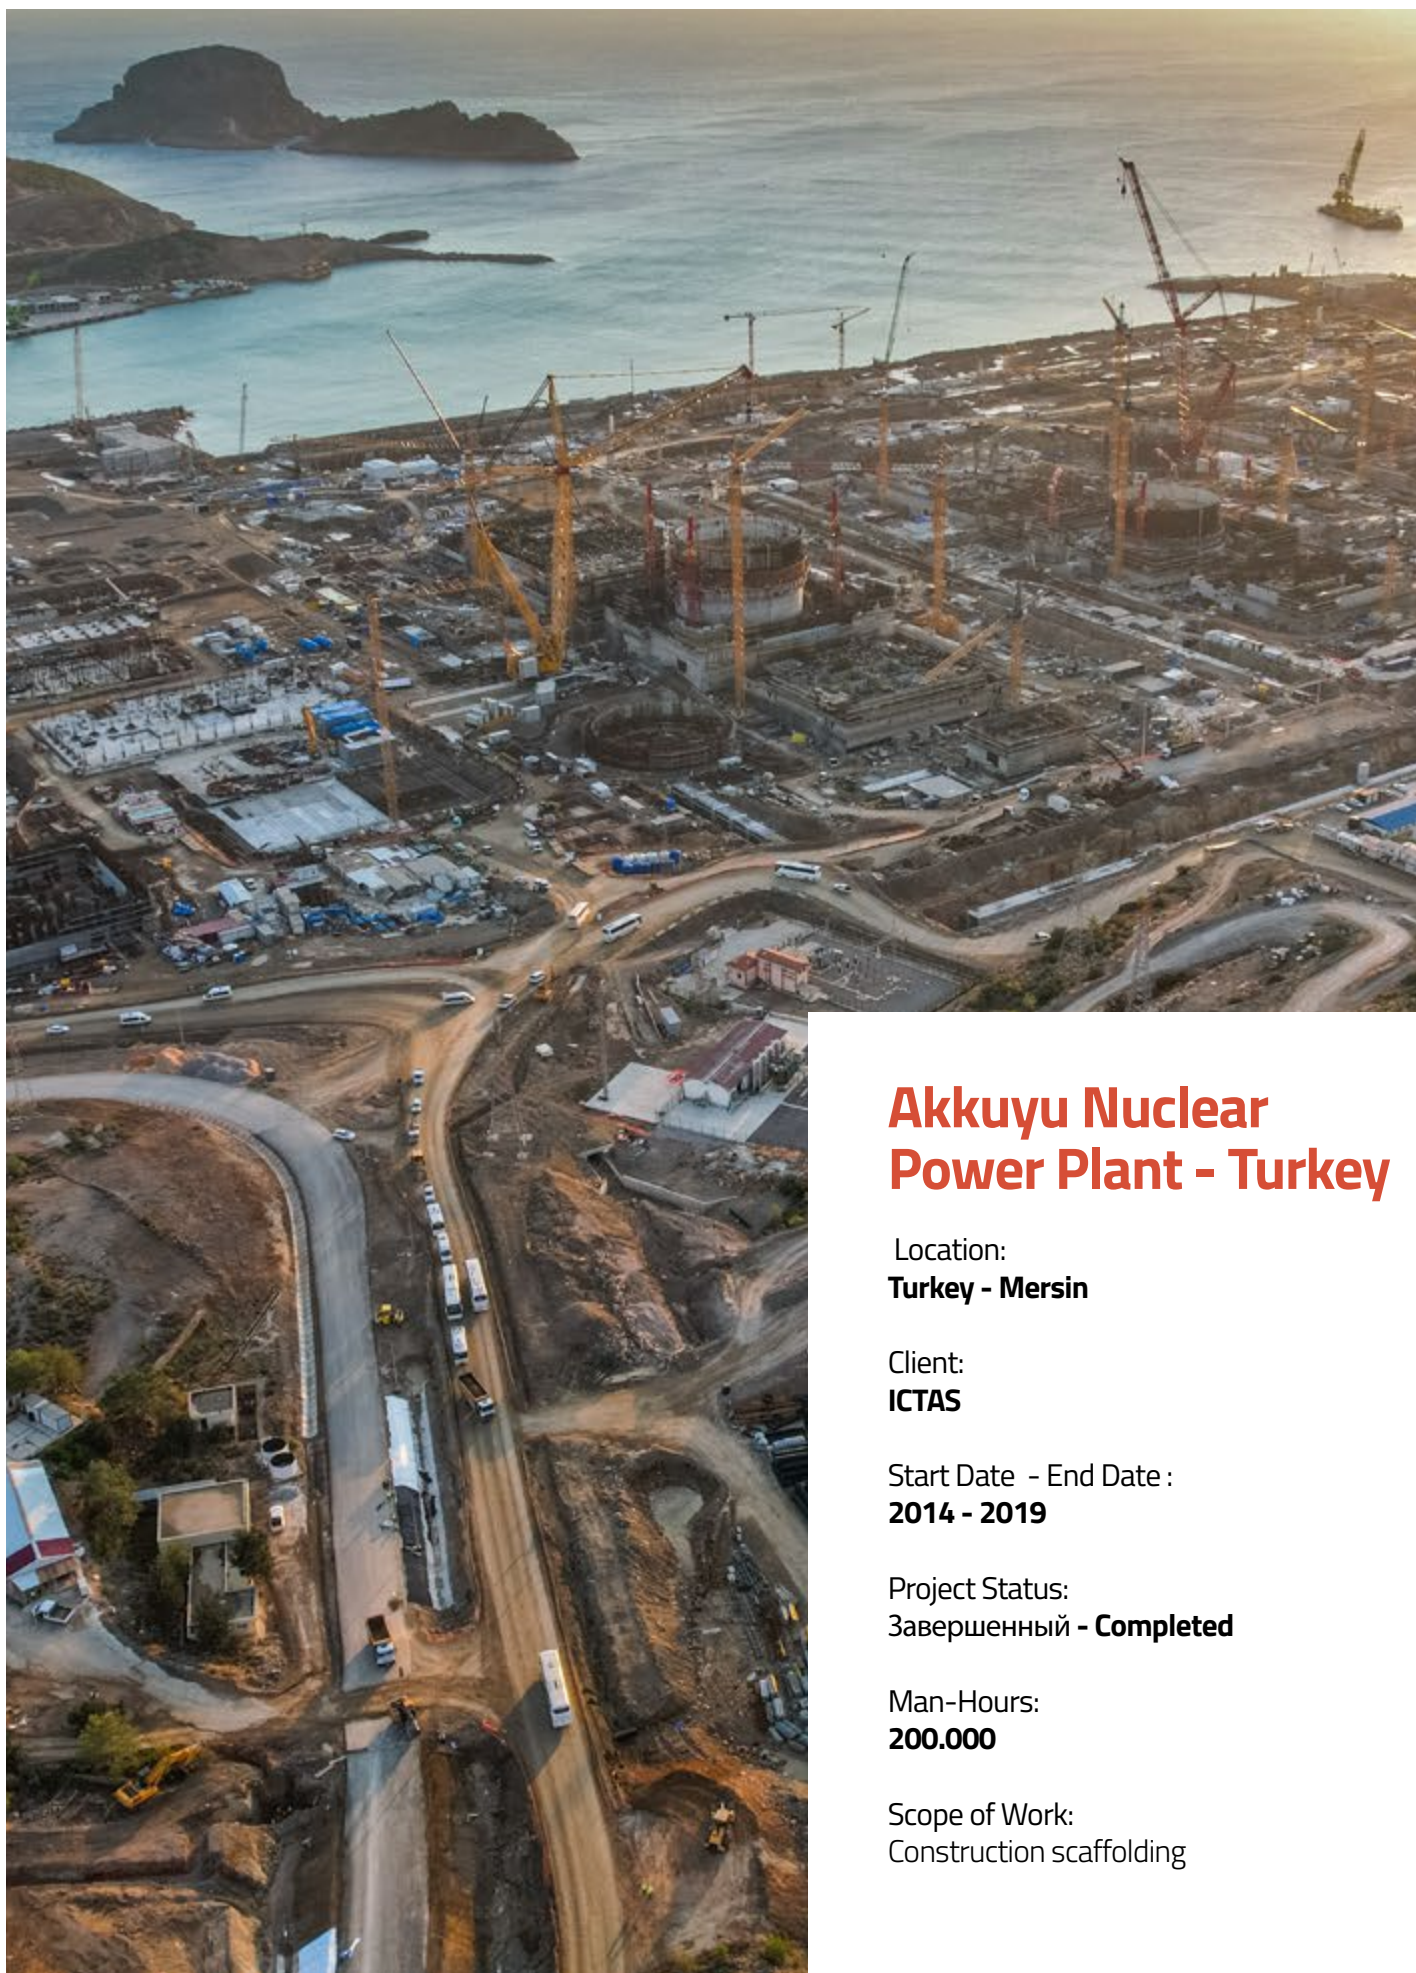

Start Date - End Date :
2017-2021

Project Status:
Completed

Man-Hours:
400.000

Scope of Work:
Construction scaffolding Installation of metal structures
Installation of equipment for pipe installation Electrical and
mechanical

Akkuyu Nuclear Power Plant - Turkey

Location:
Turkey - Mersin

Client:
ICTAS

Start Date - End Date :
2014 - 2019

Project Status:
Завершенный - Completed

Man-Hours:
200.000

Scope of Work:
Construction scaffolding

Amur Gas Processing Plant

Location:
Russia - Svobodny

Client:
Gazprom

Start Date - End Date :
2018

Project Status:
Completed

Man-Hours:
5.000.000

Scope of Work:
Scaffolding, Installation of metal structures,
Installation of pipes,
Insulation Pipes and equipment

AKSA Acrylic Plant

Location:
Turkey - Yalova

Client:
AKSA

Start Date - End Date :
2014 - 2015

Project Status:
Completed

Man-Hours:
30.000

Scope of Work:
Construction scaffolding (materials, installation, dismantling, modification)
Installation of equipment and reservoir

Soma Kolin 510 MW Lignite Power Plant

Location:
Turkey - Manisa

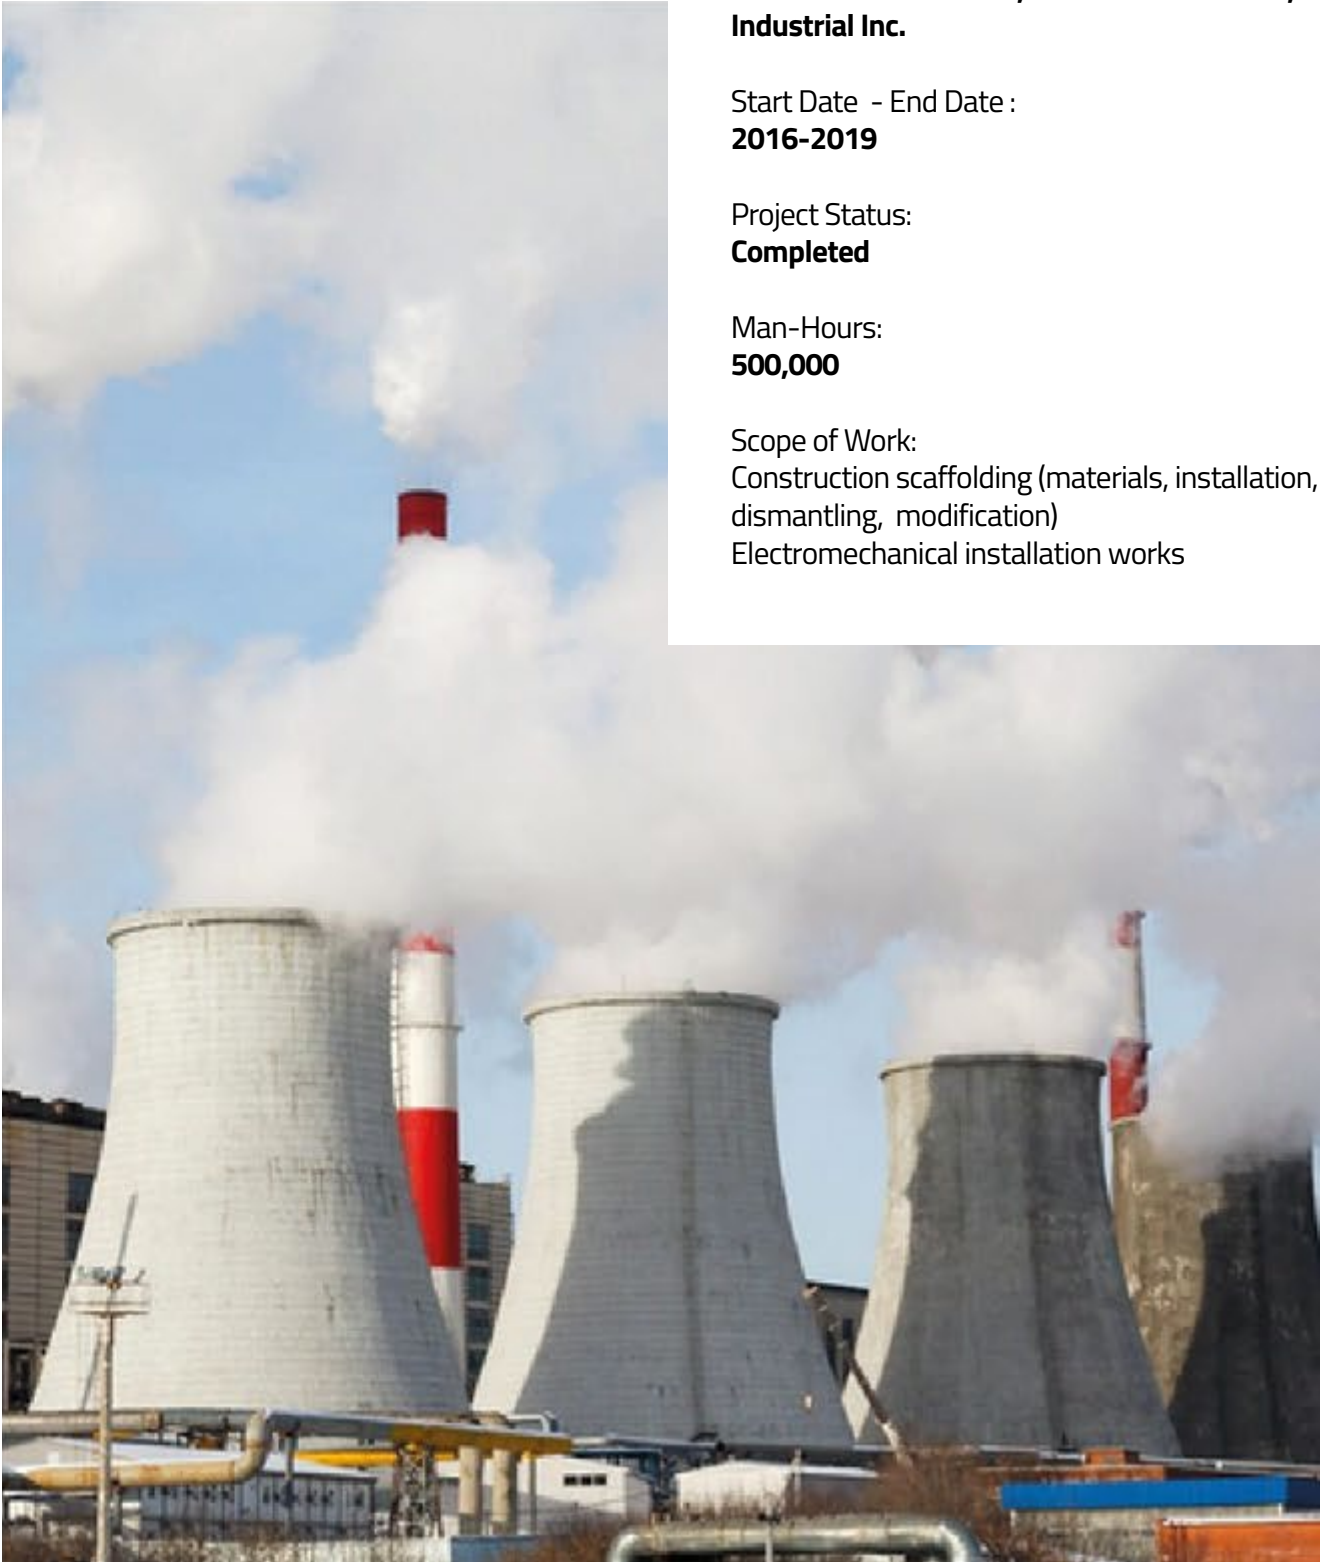

Client:
Kolin Construction Inc., Harmon Electric Inc., Efor Industrial Inc.

Start Date - End Date :
2016-2019

Project Status:
Completed

Man-Hours:
500,000

Scope of Work:
Construction scaffolding (materials, installation, dismantling, modification)
Electromechanical installation works

Mondi Paper Factory

Location:

Bulgaria - Stamboliyski

Client:

Mondi

Start Date - End Date :

2018

Project Status:

Completed

Man-Hours:

400,000

Scope of Work:

Installation of pipes and equipment

Welding works (diameter ranging
from 2 to 24 inches)

Mondi Paper Factory

Location:
Czech Republic – Steti

Client:
Mondi

Start Date - End Date :
2018

Project Status:
Completed

Man-Hours:
350,000

Scope of Work:
Installation of pipes and equipment
Welding works (diameter ranging from 2 to 24 inches)
